DOCTORS AND MEDICAL SERVICES - BAVARIA

The following is a representative list of reputable medical professionals in Bavaria, outside the city of Munich, compiled with the assistance of local medical authorities. A list of English speaking medical professionals in Munich is also available. However, the Consulate General can assume no responsibility as to the professional ability of the practitioners whose names appear in this list. All information has been provided by the individual physicians including English fluency level.

NOTE

Medical service in Germany is of a high standard. Charges for private patients can be approximately the same as those assessed in the United States but vary from physician to physician. University professors are likely to charge higher fees than other doctors on the list. These fees, however, in view of the physicians' standing in the medical community are not considered excessive.

Tourists should be prepared to pay in cash when they visit a doctor. For hospital admittance, except in emergency cases, a deposit is usually required to cover a five day stay.

All cities, town and rural areas in Bavaria have either University, City or County Hospitals. You will generally find Physicians with basic English knowledge.

Any hotel manager will assist you, in case of illness, in finding appropriate doctors or medical care.

As a general rule, patients are admitted into hospitals through their physicians, except in emergencies. The telephone number for the **24 Hour Doctor Service (Ärztlicher Notfalldienst)** is **01805-191212**.

The **AMBULANCE SERVICE (RETTUNGSDIENST)** can be reached through telephone number **112**.

The telephone number throughout Germany for **GENERAL EMERGENCIES** is **112**. Through this number you can reach the **POLICE EMERGENCY SQUAD (FUNKSTREIFE)** is **110**.
